eople's actions
arely malicious
usually make
e to them at the
time.
Mistakes are
typically due to
conditions and
systems that make
work difficult.
Understanding the
conditions in which
mistakes happen
helps us prevent or
correct them.
Plants, tools, and
ctivities can be
signed to reduce
akes and manage
risk better.
Leaders help
shape the conditions
that influence what
people do.
It matters how
leaders respond when
things go wrong. Take
the opportunity to
learn.
